

ORKNEY RENEWABLE ENERGY FORUM – ORKNEY RENEWABLE ENERGY SURVEY

METHODOLOGY NOTE

Methodology: ComRes interviewed 500 adult residents of Orkney via telephone between the 9th and 13th January 2017.

Data were weighted according to age and gender. Data were also weighted based on the population of islands in the Orkney and Shetland region. ComRes is a member of the British Polling Council and abides by its rules.

For information about commissioning research please contact marc.hardwick@comresglobal.com or call +44 (0)20 7871 8660.

Q4. To what extent do you agree or disagree that wind developments in Orkney should be allowed to compete with other renewable technologies on mainland Great Britain for Government support? In this instance, Government support means a contract to stabilise prices for those generating renewable energy.
